

TOKEN SYSTEM COMPETENCY

Learning Objective

Token System Competency: Write-up the procedures for a token economy system for an actual or hypothetical client

Assignment Description

The purpose of this assignment is to gain practical experience creating and implementing a token economy system for a client. The assignment should be approximately 2-4 double spaced pages in length and is worth 20 points.

Steps

1. Select one client (actual or hypothetical) and 1-2 target behaviors to utilize for this competency paper.
2. Review the power point presentation with the 10 steps for creating a token economy system.
3. Review the case example provided.
4. Using the case example as a guide, describe each of the 10 steps for your client.
5. Proofread your competency paper and check APA style.
6. Use the provided grading rubric as a self-check before submitting your paper.
7. Email your final draft to me before class on Wednesday 10/2/19.
