NATURAL ENVIRONMENT TEACHING COMPETENCY

Learning Objective

NET Competency: Teach your client a skill(s) using NET/NDBI focusing on environmental arrangement, child choice of activity/materials, teaching within daily routines/activities, and/or utilizing natural and related reinforcers

Assignment Description

The purpose of this assignment is to gain practical experience individualizing components of NDBIs for a specific client. The assignment should be approximately 3 double spaced pages in length and is worth 20 points.

Steps

1. Select one client (actual or hypothetical) and one or more skill acquisition programs to utilize for this competency paper.
2. Review the assigned article and power point presentation with examples of components of NDBIs.
3. Review the assignment template provided with all required sections and an example graph included.
4. Using the template as a guide, describe how you used components of NDBIs to teach your client a specific skill. Ensure an excel graph is included.
5. Proofread your competency paper and check APA style.
6. Use the provided grading rubric as a self-check before submitting your paper.
7. Email your final draft to me before class on Wednesday 10/16/19.
